- root .....

Certificate Recipient: .....

Operator of Certificate Recipient: .....

NON BINDING TRANSLATION

**Certificate use conditions:**

1. The certificate is issued to an operator of the Certificate Recipient. In the event of a staff change in the position of the operator of the Certificate Recipient, the Certificate Recipient shall immediately inform the Certification Authority, which shall secure the invalidation of the existing certificate and the issue of a new certificate assigned to the new operator.
2. The certificate is handed over on a CD carrier created by the Certification Authority.
3. The Certificate Recipient is not entitled to make copies of the received CD carrier.
4. In the event the certificate is lost, damaged, or misused, the Certificate Recipient shall inform the Certification Authority immediately.
5. The Certification Authority reserves the right to designate the assigned certificate as untrustworthy (and thus invalidate it) if the Certification Authority becomes convinced that the certificate has been misused or installed in an unauthorized manner contrary to the set conditions. The Certification Authority shall inform the Certificate Recipient of this fact in writing/by e-mail.
6. Data to which the Certificate Recipient gains access through this certificate is intended solely for the internal needs of the Certificate Recipient, and the Certificate Recipient is not authorized to provide such data to third parties without the Certification Authority's prior permission.
