

SIZE OF SHARE IN ALLOCATED TRANSMISSION CAPACITY ACCORDING TO ARTICLE 8 OF NC CAM

The Transmission System Operator announces that starting on 1 November 2015, shares in capacity will be allocated at network border points in the minimum amount specified in Articles 6 to 8 of NC CAM, unless the Energy Regulatory Office issues a decision changing the size of allocated shares in capacity. This measure is implemented in accordance with Article 8 of Commission Regulation (EU) No. 984/2013 establishing a Network Code on Capacity Allocation Mechanisms in Gas Transmission Systems and supplementing Regulation (EC) No. 715/2009 ("**NC CAM**").
